Mr. William Post, Financial Secretary-Treasurer Roofers Local 20 6321 Blue Ridge Boulevard Raytown, MO 64133-4809

Dear Mr. Post:

This office has recently completed an audit of Roofers Local 20 under the Compliance Audit Program (CAP) to determine your organization's compliance with the provisions of the Labor-Management Reporting and Disclosure Act of 1959 (LMRDA). As discussed during the exit interview with you and Business Manager Kevin King on June 18, 2010, the following problems were disclosed during the CAP. The matters listed below are not an exhaustive list of all possible problem areas since the audit conducted was limited in scope.

Recordkeeping Violations

Title II of the LMRDA establishes certain reporting and recordkeeping requirements. Section 206 requires, among other things, that labor organizations maintain adequate records for at least five years by which each receipt and disbursement of funds, as well as all account balances, can be verified, explained, and clarified. As a general rule, labor organizations must maintain all records used or received in the course of union business.

For disbursements, this includes not only original bills, invoices, receipts, vouchers, and applicable resolutions, but also documentation showing the nature of the union business requiring the disbursement, the goods or services received, and the identity of the recipient(s) of the goods or services. In most instances, this documentation requirement can be satisfied with a sufficiently descriptive expense receipt or invoice. If an expense receipt is not sufficiently descriptive, a union officer or employee should write a note on it providing the additional information. For money it receives, the labor organization must keep at least one record showing the date, amount, purpose, and source of that money. The labor organization must also retain bank records for all accounts.

The audit of Local 20's 2009 records revealed the following recordkeeping violations:

1. Union Owned/Leased Vehicles

The union did not maintain records necessary to verify the accuracy of the information reported in Schedules 11 (All Officers and Disbursements to Officers) and 12 (Disbursements to Employees) of the LM-2.

Local 20 incurred gas expenses totaling at least \$2,675.00 for automobiles during 2009. For each trip they take using a union owned or leased vehicle, officers and employees must maintain mileage logs that show the date, number of miles driven, whether the trip was business or personal, and, if business, the purpose of the trip. Local 20 officers did not maintain records documenting the purpose of their business trips.

2. Receipt Dates not Recorded

Entries in Local 20's receipts journal reflect the date the union deposited money, but not the date money was received. Union receipts records must show the date of receipt. The date of receipt is required to verify, explain, or clarify amounts required to be reported in Statement B (Receipts and Disbursements) of the LM-2. The LM-2 instructions for Statement B state that the labor organization must record receipts when it actually receives money and disbursements when it actually pays out money. Failure to record the date money was received could result in the union reporting some receipts for a different year than when it actually received them.

3. Lack of Salary Authorization

Local 20 did not maintain records to verify that the salaries reported in Schedules 11 (All Officers and Disbursements to Officers) and 12 (Disbursements to Employees) of the LM-2 was the authorized amount and therefore was correctly reported. The union must keep a record, such as meeting minutes, to show the current salary authorized by the entity or individual in the union with the authority to establish salaries.

Based on your assurance that Local 20 will retain adequate documentation in the future, OLMS will take no further enforcement action at this time regarding the above violations.

Other Issue

Signing Blank Checks

During the audit, you advised that William Post and Kevin King sign blank checks. Your union's bylaws require that all checks be signed by the president and treasurer. The two signature requirement is an effective internal control of union funds. Its purpose is to attest to the authenticity of a completed document already signed. However, signing a blank check in advance does not attest to the authenticity of a completed check, and negates the purpose of the two signature requirement. OLMS recommends that Local 20 review these procedures to improve internal control of union funds.

I want to extend my personal appreciation to Roofers Local 20 for the cooperation and courtesy extended during this compliance audit. I strongly recommend that you make sure this letter and the compliance assistance materials provided to you are passed on to future officers. If we can provide any additional assistance, please do not hesitate to call.

Sincerely,

Investigator
